

Module3_2

Ссылка на сборку – https://dev.irpteam.com/tc/buildConfiguration/IRP_RunVA/37514?buildTab=overview&expandPull+Request+Details=true&showRootCauses=false

The screenshot shows the Jenkins web interface. The browser address bar displays the URL: `dev.irpteam.com/tc/buildConfiguration/IRP_RunVA/37514?buildTab=artifacts#%2Fallure-report.zip`. The Jenkins header includes the logo and navigation links: Projects, Changes, Agents (3), and Queue (0). On the left sidebar, there is a search bar labeled 'Jump to...' and a list of projects under 'PROJECTS', with 'IRPTeam' selected. The main content area shows the build configuration 'IRP_Old / 3. RunVA'. A large red error message indicates a failed build: **#4049 at 24 May 22 04:54**, with 'Tests failed: 11 (1 new), passed: 2360'. Below this, there are buttons for 'pull/1139', 'Actions', and 'Details'. A tabbed interface at the bottom shows 'Overview', 'Changes', 'Tests', 'Build Log', 'Dependencies', and 'Artifacts' (which is the active tab). Under the 'Artifacts' tab, a tree view lists the build artifacts: 'allure' (folder), 'DataBase' (folder), 'allure-report.zip' (21.75 MB), 'data' (folder), 'export' (folder), 'history' (folder), 'plugins' (folder), 'widgets' (folder), 'app.js' (666.83 KB), 'favicon.ico' (57 B), 'index.html' (657 B), 'styles.css' (1.46 MB), and 'Cover.zip' (141 B). The total size of the artifacts is 298.26 MB.

seconds

После нажатия кнопки FormDocumentBankReceiptGenerateBankReceipt

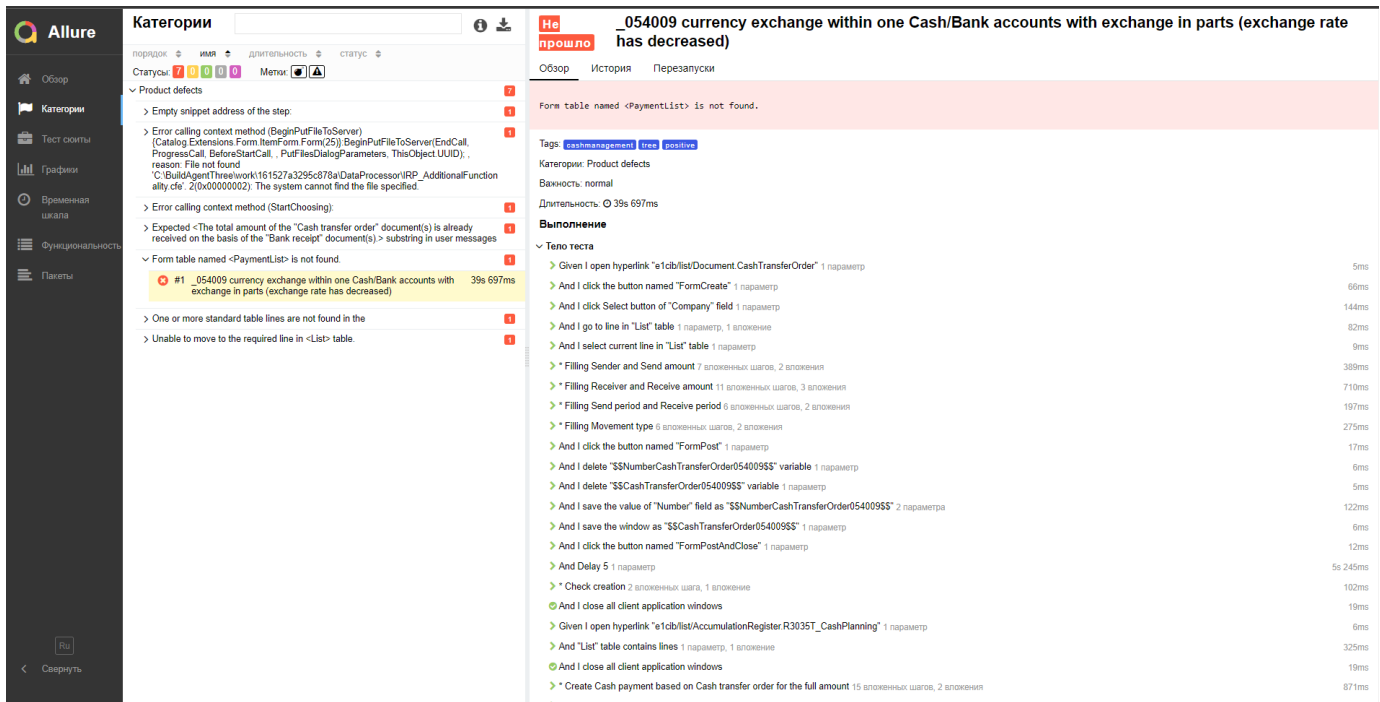

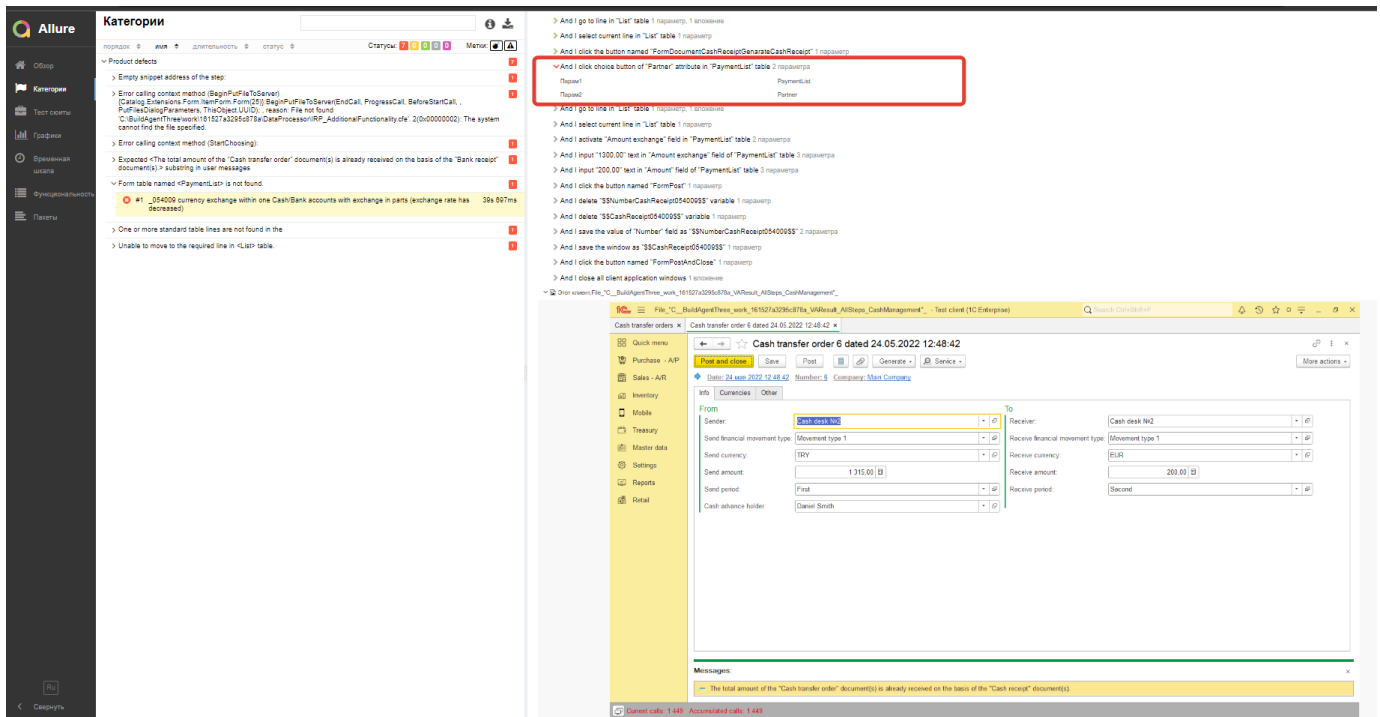

Ожидалось в течении 30 сек сообщение пользователю 'The total amount of the "Cash transfer order" document(s) is already received on the basis of the "Bank receipt" document(s).'

Но судя по скрину ниже оно не отобразилось.

The screenshots show the Allure test results for a test suite named "Bank receipt (create)". The first screenshot shows a test step "Then I wait that in user messages the 'The total amount of the 'Cash transfer order' document(s) is already received on the basis of the 'Bank receipt' document(s)'" failing with a timeout of 30 seconds. The second screenshot shows the same test suite with the same step failing, but the error message is not visible. The test suite "Bank receipt (create)" is shown in the first screenshot, and the test suite "Bank receipt (create)" is shown in the second screenshot.
